From Editor

Dear our beloved readers,

It is good to see you again in this August 2021 edition. *Journal Borneo Administrator* presents in different performance in this edition. Starting from this edition, we present all articles fully in English. As we have informed you that this year is a transition year to move forward to a higher achievement in the future. To be an international journal is our vision, therefore it needs efforts to reach it. Not only transforming the article language from Indonesian into English, we also try to hire international reviewers and authors.

We are also happy to inform you that we have signed an agreement with Disaster Risk Reduction Center (DRRC), Universitas Indonesia, as one of publication partners for “APRU Multihazards Symposium 2021”. As a publication partner, we will publish manuscripts which are written by the symposium participants. The publication process will still use a reviewing mechanism by independent reviewers to ensure that the manuscripts have good standard quality. By this agreement we hope we will reach authors from various countries. The next incoming agreements are still on-going process with at least two universities. We will inform you later on after everything is clear.

We encourage you to submit your original English papers. For you who face a problem in writing English manuscript, we will help you to translate your final paper from Indonesian into English after it has passed our selection and, of course, it must be recommended by our independent reviewers. We hope all we have done will support you to publish your researches broadly, and we will always do our best to serve you.

Thank you very much and look forward to seeing your submissions.

Samarinda, 31 August 2021
